**Objectives:**

- Provide background and context setting
- Understand, to the extent possible with existing data and information, fisheries and fishing in the area
- Define clear next steps and schedule

Rules of the Road

- Participate consistently across the sessions if you can
- Stay focused on the agenda topics at hand
- Participation can occur via phone or Zoom
- There will be other informal means to interact as well (one on one conversations, dockside conversations later in spring)

**Note: Participating in giving advice to DMR/GEO does not constitute approval nor endorsement of OSW development in the GOM generally or the Research Array in particular**
